

IEEE GENERAL MEETING

Location: *Location*
Date: 10/11/2022
Time: 5:30 – 6:30 PM MST
Facilitator: *Gabriel Gurulé*

Agenda Items

IEEE Rising Stars

Commitment form is now open until Nov 1st.

Speaker

Dr. Fierro will give a talk on his labs and projects. Dr. Fierro is a professor in the Electrical and Computer Engineering department, as well as the Mechanical Engineering department at UNM. He runs the MAHRES lab and AgMan South Campus lab and was involved in the UNM VolCAN project.

ABQ Water Authority

The Water Authority is seeking electrical engineering interns. Interns will have the opportunity to work directly with the plant electricians in the field, as well as learn about project management and electrical power design from the Water Authority's electrical engineers. The Water Authority operates and maintains over 200 facilities, including well pumps, pump stations, vacuum stations, lift stations, storm stations, a large water treatment plant, and a large wastewater treatment plant. The position has the potential to become full time depending on the suitability and performance of the candidates during the internship.

Upcoming events

IEEE Xtreme sign up is now closed; event will take place October 21st – 22nd.

Cover Letter Workshop will take place during our October 25th Tuesday meeting and will include a short informational talk on using LinkedIn.

Sandia Recruiter

Computer scientist, Luis Maldonado, from Sandia National Labs is looking for students with an interest in learning instrumentation and working with LabView. Please talk to one of the officers for his contact information.
